## Extreme Dream – Aviemore Indoor Climbing Wall

Scotland's Friendliest, Most Diverse Indoor Climbing Wall

On site Bunkhouse – Dave 'Cubby' Cuthbertson's Official Photo Gallery

I started the development of my idea to build a climbing wall in October of 2005 in the Aviemore. After some searching I found an ideal location, a great team that consisted of Laura and Steve and managed to raise the necessary Capital to float the project. Starting work in the second week of May 2006 we worked stupid hours, doing all the construction, marketing and business start up ourselves finishing in time to catch the end of the summer holidays on the 05<sup>th</sup> August 2006. An unbelievable amount of work to have completed in such a short time (3 months) – I still look around and can't quite believe it!

Using years of personal climbing experience, instructing, guiding and performance coaching, I came up with one of the most diverse, training coaching and teaching walls in Scotland. The environment we created is second to none, it's open, atmospheric, friendly and non-elitist. We do not tolerate attitude and look at the centre as a great place to be and train in at all times.

We are open 9am – 10pm all year

0044 (0) 1479 812466

Facilities Include

Bunkhouse and Climbing Shop

42 Panels of Climbing with over 120 Routes

Bottom Roping and Leading
